

## **HDC Community Outreach Ministries**

*"Find a need and fill it, find a hurt and heal it." That is the motto of The Dream Center. We accomplish that goal by offering all services and programs to the community free of charge through the following outreaches:*

### **Kingdom Kids Community Day-care Center**

We are working at establishing a community day-care center for Houston and surrounding communities that will offer an affordable and professional daycare center that will provide families with a Clean, Caring and Christian environment for their Children.

### **Rapha Healing Ministries**

**Rapha** Ministries is an outreach ministry to the sick. We will conduct healing services and health clinics to promote healing and health awareness to the general public. Our goal is to provide needy citizens of Houston and surrounding community's free medical and dental care that otherwise would not be able to afford it.

### **Legal Council**

Our goal is to provide needy citizens of Houston and surrounding community's free legal consultation from the local legal community.

We will invite Law firms, Attorney's, Legal professionals and law students who will donate their time to give free legal advice once a month.

### **Clothing Distribution**

As families work hard at just keeping a roof over their heads and food on the table, other basic living necessities are seldom available. One such commodity: CLOTHING.

The Houston Dream Center will be providing cloths for people of all sizes.

We will purchase and solicit donated clothing from citizens and local department stores so that clothing can be distributed to the needy.

## **Educational Programs**

The Houston Dream Center will provide a computer lab and education center with software that teaches Math, Reading, ACT/SAT prep, and Job Skills Training. This outreach is for those who are just entering the work force, or who need help in studying for the GED and or ACT/SAT tests etc.

The education center will have several computers and a resource library that will assist them with their studies and testing.

## **Financial Reign Ministry**

The Dream Center will provide debt relief to families who are trapped in credit card debt. We will provide financial training courses to participants who are struggling to get out of debt. Our courses will be offered free of charge and will include instructional and classroom training by teaching students how to set up a financial budget and how to maintain personal financial management.

## **Operation: Mercy**

**Mobile Food Truck:** Going where they live with what they need is how we will feed the multitudes. Our mission is to be able to send out mobile food trucks into the neighborhoods that are just not below the poverty line, but also to families who have been devastated by job loss and unemployment.

## **Stripped**

The Dream Center makes no apologies in its determination to clean up the City of Houston by extending the love and mercy of JESUS CHRIST to strippers, porn addicts, pimps, prostitutes and homosexuals. Our evangelistic teams will minister up and down the exotic club scene districts and are not afraid to take Church to every parking lot, corner, sidewalk, alley and cinema. We don't judge... We simply reach out to these precious souls with the same love and compassion JESUS showed those caught in the snares of sin.

## **Sealed by the Spirit**

Sealed by the Spirit is a “New Beginnings program” designed to empower addicts to achieve complete and total freedom from addictions. The Houston Dream Center Church offers a proven and effective Discipleship program for those who are seeking freedom from Drug and Substance addiction, Alcoholism, Porn Addiction, Gambling etc.

## **Disaster Relief**

Also our goal is to be equipped to activate Emergency Response teams who can respond within hours of a disaster. We will work with other emergency response agencies by coordinating efforts and resources so that relief and assistance can be given to those trapped in crisis situations.

## **Neighborhood Evangelism**

This ministry will literally change the face of Houston. Volunteers will work around the Houston Dream Center to rake leaves, do small repairs, remove tree limbs, and generally make the neighborhood more beautiful.

## **Commercial Evangelism**

Small businesses are the backbone to a community's economy. Volunteers will work around the Houston Dream Center area as well as around local business and commercial areas by donating free service to businesses such as: washing windows, sidewalk and parking lot maintenance and minor construction etc. This service will be provided to the business community free of charge by volunteers from The Houston Dream Center Church. As a Church, we want to sow back into our community by offering these services to local area businesses. We want them to know
